Install Notes: Overlay <input checked="" type="checkbox"/> Replacement <input type="checkbox"/> Drill <input checked="" type="checkbox"/> Cut <input checked="" type="checkbox"/>								
Step	Description			illustration				
1	Identify the grille & hardware with parts list.							
2	Center billet grille in opening.			N/A				
3	Drill (4)-3/32"holes thru tab into bumper cover. Then attach the billet grille by using the supplied #8 screws in the holes just drilled.							
4	If you live in a State that requires the use of a front license plate. Please continue with installation. Remove the license plate holder by removing the (2) Rivets shown below.							
5	<p>Next you will need to trim the license plate holder by using a cut-off wheel or saw. Measure 1 1/8" from the backside of the holder as shown .</p> <p>Place a piece of masking tape to use as a guide when cutting. Then cut holder as shown below .File edge smooth, then re-install the license plate holder to the vehicle.</p>							
6	Installation completed!!!			N/A				

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
