Install Notes: Overlay Replacement Drill Cut

| Step | Description | illustration |
|------|--|--|
| 1 | Identify the grille & hardware with parts list. |  |
| 2 | Open the hood and remove the grille shell from the vehicle. | |
| 3 | Center the billet grille into the opening of the shell, and place the bolts through the holes of the tabs welded to the rear of the billet grille, then secure it using the brackets, washers and nylon lock nuts from the back. | |
| 4 | The installation of the other grille insert as (2). | |
| 5 | Be sure all the factory grille is centered, tighten all the hardware but do not over-tighten. | |
| 6 | Re-install the grille shell. | |
| 7 | Installation completed!!! | |

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
