Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the black plastic cover (at the bottom of OEM front bumper) from vehicle. This will allow easy access to the rear of the bumper.	
3	Center the billet grilles onto the fog light covers again. Secure billet grille using the U-Clip & screws from the back side of the OEM grille shell.	
4	Reinstall the black plastic cover which was removed in step 2.	
5	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
