

PATENT PRODUCT Grille Installation Instruction

Rev. 20201201

Part#	D66471C&J&S	Application	For 2005-2007 Dodge Dakota
--------------	-------------	--------------------	----------------------------

	Item	Part Name	QTY	Description	Item	Part Name	QTY	Description
Parts List	#1	Billet Grille	1	Stainless Steel	#3	Truss Head Screws	16	6# - 32x2"
	#2	Toggle Nuts	16	6#				

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Optional: pop hood, remove the black plastic cover (on top of OEM grille) from vehicle. If you are still unable to access the rear, remove the grille shell according to factory manual.	
3	Insert the screws into the weld tab hole from front side of the billet grille.	<div style="display: flex; align-items: center;"> <div style="border: 1px solid black; padding: 5px; margin-right: 10px;"> <p style="font-size: small;">picture for reference only; this is not actual grille</p> </div>  </div>
4	Center the billet grille onto the OEM grille. Press & insert the Toggle Nuts on to the rear of the OEM grille through the gap.	
5	<p>Modify Latch</p> <p>Add the latch mechanism extension. Place a ferrule on the 3/32 cable, and then feed 2 inches of the cable through the hole that is already in the latch. Now feed the cable back through the ferrule and crimp with the crimping pliers. At the opposite end of the cable place a ferrule on the cable, loop the cable around the cross of the grille frame, back through the ferrule, and finally crimping the ferrule tight. This extension will now be used for releasing your hood. See figure below:</p>	
6	Make sure the insert is centered and tighten the hardware.	
7	Reinstall the plastic shroud with the fasteners removed in Step 2.	
8	Installation completed.
