

Part#	GR04HEJ37C	Application	For 2005-2007 Dodge Magnum Except SRT8					
-------	------------	-------------	---	--	--	--	--	--

Parts List	Item	Part Name	QTY	Description	Item	Part Name	QTY	Description
	1	Billet Grille	4	Stainless steel	3	Truss Head Tapping Screws	16	8#
2	Speed Nuts	16	8×3/4"					

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove both plastic shrouds from the fill area of the grille shell and core support.	<p>3</p>
4	Pull back the grille shell slightly from the vehicle to access behind the grille shell. Next remove the two fasteners from both sides of the black section of the grille shell.	<p>5</p>
6	There are four tabs in each openings of the grille shell; you will use these tabs to secure each billet inset. Note: When installing each billet insert you will install flush into the grille shell. To install you will pull the grille shell slightly towards you; loading the billet inserts from behind the grille shell. The grille shell will flex forward a little but use caution when doing so. Also the spacing is very limited so patient.	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!

7	<p>Identify each billet insert to its appropriate opening. Starting with the lower two billet inserts, place each one into its opening, center the billet then mark and drill a pilot hole for a #8 screw to attach. You may place each speed clip over the plastic grille shell tab or use the speed clip as a nut. Secure the lower billet inserts into place, and then repeat this step to install the two upper inserts.</p>		
			
8	<p>Make sure the billet grille is centered and tighten the fasteners.</p>		
9	<p>Installation completed!!!</p>
