Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the factory grille shell and set aside.	
3	Using 2 of the Allen head bolts and k-lock nuts attach the powder coated L-brackets to the billet grille.	
4	Attach the powder coated extension brackets to the billet grille using the remaining Allen head bolts and k-lock nuts.	
5	Center the billet grille into the factory opening and hold in place.	
6	Mark and drill the lower mounting locations.	
7	Attach the lower portion on the billet grille to the vehicle using the #8 screws and speed clips.	
8	Attach the powder coated extension brackets to the vehicle using the remaining #8 screws and speed clips.	
9	Make sure that the billet grille is centered to your liking and secure all hardware.	
10	Installation is now complete!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
