	2	Lock Nuts	4	6-32	5	Flat Brackets	4	
	3	Washers	4	6#				

Install Notes: Overlay  Replacement  Drill  Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the grille shell from your vehicle, exception of having enough space for your assembly.	
3	Remove the billet grille from box and remove the plastic pack, put the grille on the factory grill, and make sure that it is centered on the grille shell.	
4	Place screws through the welded tabs on the grille, and attach a flat bracket, washer and nut on the end of each screw.	
5	Turn the nut so that it is vertical, and tighten. But not over-tighten!	
6	Repeat above step 3 to 5 for other screws installation.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
