Step	Description	illustration
1	Identify the grille & hardware with parts list.	

NOTE: Instruction for billet grille also applies to stainless steel grille.

NOTE: This bumper grille will only work if the vehicle has corner marker lights in the bumper opening.

2	Attach the four studs to the back side of the bumper grille.
3	Place the billet grille into the opening.
4	Place each of the U brackets over the studs of the grille, you can access the bumper grille from the under side of the vehicle.
5	Secure the billet grille using the kep nuts.
6	Installation completed!!!

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
