| Step | Description | | | | | | illustration | | | | | | |
| 1 | lde | ntify the | grille & hardware | with parts | list. | | | | | | | | |
| 2 | Pop hood, remove the black plastic cover (on top of OEM grille / front panel) from vehicle. This will allow access to the rear of the grille shell. Remove the Mustang logo from the grille. | | | | | | | | | | | | |
| 3 | Test fit the billet over the factory grille. Insert a 1.5" screw (the shorter screws provided) into the upper tabs on the insert From the back of the insert, slide a J hook, washer and lock nut onto the screws (only thread the nuts by hand at this time) Repeat this process on the lower tabs with the 2" screws. | | | | | | | | | | | | |

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result.

Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation.

Reinstall the black plastic cover which was removed in step 2.

We are not responsible for any damage caused by the installation. Thank you for choosing our product!
