Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Open the hood and remove the four screws on top of the header panel that hold the factory grille shell. Remove the grille.	
3	Remove the two rubber caps off the factory grille and place them on the lower mounts on the billet grille. Place the billet in the lower factory mounts. Place the upper brackets on the top of the header panel (it may be necessary to slightly bend the brackets to get a perfect fit). Fasten the upper four brackets with the factory screws.	
4	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
