Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the grille shell from the vehicle.	
3	Center the billet grille into the opening of the shell, mark the position of the holes of the tabs on the plastic and drill.	
4	After drilled, place the factory grille into the center of the shell and secure it use the screws and speed clips (it used as a clip nut) from the rear.	
5	Make sure the billet grille is centered and tighten the fasteners, but do not over-tighten.	
6	Re-install the grille shell to the vehicle.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
