-------	--------------	-------------	-------------------------------

Parts List	Item	Part Name	QTY	Description	Item	Part Name	QTY	Description
	1	Billet Grille	1	Aluminum	3	Counter Sunk Screws	4	
	2	Speed Clips	4					

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the clips and screws from the upper portion of the front fascia to gain access to the backside of the grille shell opening.	
3	Remove the factory grille shell and set aside.	
4	Center the billet grille into the factory grille shell opening and mark and drill the four mounting locations.	
5	Re-center the billet grille into the factory opening and secure using the speed clips and counter sunk screws.	
6	Make sure the grille is centered and tighten the fasteners.	
7	Attach the front fascia to the vehicle using the factory hardware save from step 2.	
8	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
