	1	Billet Grille	2	Aluminum	3	Screw	4	8#x1"
	2	U- Nut	4	8#				

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the fog light covers from vehicle follow the vehicle user menu.	
3	Center the billet grilles onto the fog light cover. Mark and drill holes onto the cover for 8# screws, according to the weld tab holes position on the billet grille.	
4	Secure billet grilles onto the fog light covers using 8# screws & U-Nuts.	
5	Make sure the billet grille is centered and tighten the fasteners.	
6	Reinstall the fog light cover (with billet grille) which was removed in step 2.	
7	Installation completed!!!
