	1	Billet Grille	1	11 Billets	3	Speed Clips	1	#8
	2	Screw	5	#8				

Install Notes: Overlay Replacement Drill Cut

Installation

Step	Description	Illustration
1	Identify the grille & hardware with parts list.	
2	Remove the factory grille shell assembly from the hood of the vehicle. Separate the black plastic from the chrome part of the shell.	
3	Center the billet insert below the face bar on the chrome shell. Make sure the billet is centered. Use a #8 screw and speed nut to attach the mounting hole behind the emblem to the billet grille. Center the assembly onto the hood. Mark each mounting hole on the billet grille to the hood. Remove the assembly; Drill a 1/8" hole into the hood at each mark.	 Face Bar
4	For better appearance on lighter color vehicles, apply a coat of matt black spray paint to the area on the hood that can be seen behind the billet grille. Re-install the complete grille shell assembly back onto the vehicle. Use the remaining #8 screws to fasten the billet grille to the hood.	
5	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result.
 Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation.
 We are not responsible for any damage caused by the installation. Thank you for choosing our product!
