Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Optional (for vehicles with black plastic cover under hood), pop hood, remove the black plastic cover (on top of OEM grille / front panel) from vehicle. This will allow access to the rear of the grille shell. If you are still unable to access the rear, remove the grille shell and re-attach after installation.	
3	Center the sheet grille into the opening of the factory grille shell. Secure the screw to the threaded holes on the front of the grille. And thread 2" screw into the center grille using a slotted screwdriver and thread 1 1/4" screw into the side grilles. Be sure the screws are through the OEM grille shell.	
4	Secure grille using the Lock Nuts and Flange Brackets from the back side of the OEM grille shell.	
5	Make sure the grille is centered and tighten the fasteners.	
6	Reinstall the black plastic cover which was removed in step 2.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
