Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Secure the thread studs in the weld nuts on the rear of the billet grille insert.	
3	Remove the trim panel at the bottom of the front bumper, so than the hand can reach to the rear of low bumper opening. And remove the license plate.	N/A
4	Center the mesh grille insert on to the bumper opening, make sure the thread stud s go through the plastic grille shell.	
5	Fasten the billet grille insert onto the OEM grille with flat tabs & K nuts.	
6	Reinstall the trim panel which was removed in step 3.	N/A
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
