Install Notes: Overlay  Replacement  Drill  Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Pop hood, remove the black plastic cover (on top of OEM grille / front panel) from vehicle. This will allow access to the rear of the grille shell.	
3	Take hardware from our hardware package, let bolts through hole of tabs of billet grilles. Be sure that the grilles is center. Place "U" tab back of the grille shell and match bolts.	
4	Make sure the billet grille is centered and tighten the fasteners.	
5	Reinstall the factory grille shell using the hardware saved from step 2.	
6	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
