Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the factory grille shell from the vehicle.	
3	Place new billet grille into the opening of the vehicle.	
4	Center the billet grille into the opening, once the grille is centered mark and drill the four holes through the bracketing.	
5	Secure the billet grille to the vehicle using the #8 screws provided in the hardware kit. Install from under side of the vehicle one skid shield is removed.	
6	Make sure the billet grille is centered and tighten the fasteners, but do not over-tighten.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
