Install Notes: Overlay Replacement Drill Cut

| Step | Description | illustration |
|------|---|-----------------------------|
| 1 | Identify the grille & hardware with parts list. | |
| 2 | Secure the thread studs in to the welded nuts on the rear of the grille. | |
| 3 | Hood up, remove the toyota emblem and center the billet grille from front side, make sure the studs are through the OEM grille. | |
| 4 | Fasten the grille insert on to the OEM grille with (11) flat tabs & (11) K-lock nuts on the back side of the OEM grille. | <p>Flat tab, locked nut</p> |
| 5 | Installation completed!!! | |

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
