1

Follow (Fig 1 – 9) to attach Brackets to the Passenger/Right Side. Repeat the following steps on the Driver/Left Side. Ensure all hardware is hand tight at this point.

(Fig 1) Remove Plastic Plugs and attach brackets at Passenger/Right Front mounting location

(Fig 2) Attach Passenger/Right Front Mounting Bracket

(Fig 3) Attached Passenger/Right Front Bracket

**SR1 Running Board
2024 Toyota Tacoma Double Cab**

(Fig 4) Remove Plastic Plugs and attach Passenger/right center bracket at center mounting location

(Fig 6) Attached Passenger/Right Center Bracket

(Fig 8) Attach Passenger/Right Rear Bracket

(Fig 5) Attach Passenger/Right Center Bracket

(Fig 7) Remove Plastic Plugs and attach Passenger/Right Rear bracket at rear mounting location

(Fig 9) Attached Passenger/Right Rear Bracket

2

Follow (Fig 10-11) to install the Passenger/Right running board. Repeat the following steps on the Driver/Right Side. Ensure all hardware is hand tight at this point.

3

Ensure Running Board is level, then tighten all hardware. Installation is complete. Do periodic inspections to the installation to make sure that all hardware is secure and tight.
